

MEASURES TO PREVENT
RUGOSE TOMATO VIRUS

SELF-HYGIENE RECOMMENDATIONS

1

SELF-HYGIENE RECOMMENDATIONS:

Remove gloves by grabbing them from the wrist and pulling them off, turning them inside out as they are removed. Place clothing inside a sealed bag before leaving and take it for washing. If disposable, make sure to throw in the waste container for immediate destruction.

2

SELF-HYGIENE RECOMMENDATIONS:

Wash hands with soap and water upon arrival and departure from the production site and between different areas. Apply sanitizer from strategically placed dispensers.

3

SELF-HYGIENE RECOMMENDATIONS:

3. Do not use mobile phones in the cultivation area. If used, carefully disinfect them before taking them outside. Avoid wearing jewellery and watches inside production areas. Clean glasses between visits.

4

SELF-HYGIENE RECOMMENDATIONS:

Raise people's awareness of the importance of maintaining good hygiene practices.
